CN – Convector heater

02 – Type of esthetic

050 – 250 electric power, *10 in W (150*10=1500W)

M – Mechanical thermoregulation

A – Aluminum X type heating element

S – Switch

- **Modern and compact design**
- **Wall mounted**
- **Fast and comfortable heating**
- **Silent operation**
- **X-type aluminum heating element**
- **Low surface temperatures**
- **Appliance class II**
- **IP24**
- **Precise thermoregulation**
- **Safety thermostat**
- **Anti-frost protection**
